30th October 2015

Dear Valued Customer,

Photometrics, a world leading manufacturer of high performance cameras including the CoolSnap, Evolve, Prime and DualView, is pleased to announce that as of January 1st, 2016, Molecular Devices Japan K.K. will be our exclusive distribution partner for Japan. Molecular Devices Japan K.K. have a successful history of selling and supporting the Photometrics product range and will be able to assist you with your camera and imaging solution needs.

For more information, pricing and support of our products, please contact Molecular Devices Japan K.K.

Tokyo 03-6362-5260

Osaka 06-7174-8831

MDC.Japan@moldev.com

<http://www.nihonmdc.com>

Note that orders for Photometrics products will be transferring to Molecular Devices beginning November 30th, 2015. After this date, Photometrics orders will not be processed through the Nippon Roper K.K.

Best Regards

James Francis

Global Vice President, Sales

Photometrics and QImaging
